## Building & Codes to test expanded inspection times

### Building inspections to be available until 6 p.m. weekdays

**CLARKSVILLE, Tenn.** – Clarksville Building & Codes will test expanded service hours for building inspections and inspection scheduling during the month of October.

Starting Tuesday, Oct. 1, the department will provide building inspections until 6 p.m. weekdays, extending the inspection timeframe by two hours. This covers footing, framing and final building inspections only.

Also, during October the time for scheduling building inspection requests will be expanded by two hours. Requests may be called in from 7:30-10 a.m. for scheduling of that day's inspections. Builders are encouraged to call in inspection requests as early as possible. The number to call is 931-645-7426.
